Section IV. Application for Payment and Representations by Producers.

1. Application.--Each of the producers whose signature appears above certifies that the representations below and the data set forth above are complete and correct, and upon the basis of such data, hereby applies for payment under the 1937 Agricultural Conservation Program with respect to the 1937 farming operations on the land covered by this application.

2. Representations.--(a) There are entered above the following data with respect to the 1937 farming operations on the land in the farm(s), located in the State and county or counties indicated herein (such county or counties being herein referred to as the "county"), on which each producer whose name appears above carried on farming operations in 1937.

(1) The names and addresses of all producers who are entitled to share in the soil-depleting crops (or the proceeds thereof) produced thereon, and in the soil-building practices carried out thereon.

(2) The acreage of soil-depleting crops and the soil-building practices carried out on the farm, and the share in each of such crops (or the proceeds thereof), and practices representing the extent to which each such producer is entitled to share in the payments with respect thereto.

(3) The proportion of such land and of the work stock and equipment used thereon in carrying out the 1937 farming operations furnished by each such producer.

(b) The data set forth herein with respect to base acreages, and rates of payment are correct and complete.

(c) The soil-building practices listed above were carried out in accordance with good farming practice, and no labor, seed, or other material used in carrying out any such soil-building practice was furnished by any State or Federal agency.

(d) No person has for 1937 made any change in the leasing or cropping arrangements for such land for the purpose of, or which would have the effect of, diverting to such person any payment to which tenants or sharecroppers would be entitled if such change were not made.

(e) Application for payment has been filed with respect to all farms owned or operated in this county by the owner and share-tenant applying for payment hereunder; and there are entered in section II hereof the application code and serial number of each application filed or to be filed with respect to any other farm(s) located in the county in which this application is filed and in respect to which each owner and share-tenant of the farm(s) included hereunder have an interest as owner or share-tenant in the crops (or the proceeds thereof) produced thereon.

Section VI. Certificate of County Committee.

The undersigned, a member of the county committee, certifies that after careful examination of the representations and data set forth in this application for payment the county committee has determined that to the best of the knowledge and belief of the committee such representations are true and that such data were determined in accordance with the provisions of the 1937 Agricultural Conservation Program, and therefore the committee recommends that the Secretary of Agriculture cause payments to be made in accordance with the data and representations shown in such application.

NOTE: The following sentence may be ignored except in cases where general depleting crops are produced to replace a shortage of feed caused by drought or flood.

The undersigned certifies further that the committee has found that the 1937 acreage of general soil-depleting crops in excess of the base (was) grown to replace a shortage of feed caused by flood or drought in 1936 or 1937; and (b) that the growing of such crops in excess of the base to replace said shortage of feed (was) the cause of the deficiency of soil-conserving crops for purposes of meeting the minimum acreage of soil-conserving crops for the farm.

SECTION V. CERTIFICATE OF INSPECTION.

The undersigned certifies that he has inspected the farm(s) covered by the foregoing application; that the data set forth therein relative to 1937 farming operations on such farm(s) were determined by him or under his supervision in accordance with the provisions of the 1937 Agricultural Conservation Program; and that to the best of his knowledge and belief such data constitute a true and complete report of the farming operations on such farm(s) in 1937.

(Date)

Signature of Supervisor or Committeemen

The undersigned, a member of the county committee, certifies that after careful examination of the representations and data set forth in this application for payment the county committee has determined that to the best of its knowledge and belief such representations are true and such data were determined in accordance with the provisions of the 1937 Agricultural Conservation Program, and therefore the Committee recommends that the Secretary of Agriculture cause payments to be made in accordance with the data and representations shown in such application.

The undersigned further certifies that the county committee finds that;
Excess Depleting Crops. (a) The 1937 acreage of general soil-depleting crops which was grown in excess of
 (was) 3/ the general base (was not) required for home consumption on the farm or to replace a shortage of feed caused by
 flood, drought, or other unfavorable weather conditions in 1936 or 1937;
Deficiency of Conserving Crops. (b) An increase in the acreage of soil-depleting crops grown to replace the
 shortage of feed crops on the farm caused by flood, drought, or other unfavorable weather conditions in 1936 or
 (was) 3/ 1937 (was not) the reason for the deficiency of soil-conserving crops for the purpose of meeting the minimum acre-
 age of soil-conserving crops for the farm and all of the cropland on the farm was used in 1937 for the production
 of either soil-conserving or soil-depleting crops.

For the county committee:

1/ If, because more than four producers are interested in payments under this application, the division of crops, of
of workstock and equipment furnished, land furnished and of soil-building practices is not complete, then supplement
1 to Form BOR-117, "Application for Payment", (bearing the same State and County Code and application serial number
as this application) shall be attached hereto and shall be deemed a part hereof.

2/ Witness required only to signature by mark.

3/ Cross out either "was" or "was not" in cases where the provisions referred to are applicable. In cases where those provisions are inapplicable, the crossing out of word(s) will be unnecessary. (See Instructions, section 10, part VIII, ECR-B-102.)

SECTION IV.—REPRESENTATIONS AND APPLICATION FOR PAYMENT

Each person whose signature appears above hereby applies for payment under the 1937 Agricultural Conservation Program with respect to the 1937 farming operations on the land covered by this application in accordance with his interest in the crops and practices as shown hereon and in accordance with the provisions of said program, and certifies with respect to such operations that—

1. He has examined the data contained in this application and that, to the best of his knowledge and belief, such data constitute a correct and complete report of the 1937 farming operations carried out on such land in accordance with the provisions of the 1937 Agricultural Conservation Program; the 1937 crop-acreage figures, the rates of payment, the base acres, the soil-building practices, the division of crops (or proceeds thereof), the work stock and equipment furnished, land furnished, and soil-building practices, are truly and accurately stated; and there are entered hereon the names and addresses of all persons who are entitled to share in the soil-depleting crops (or the proceeds thereof) produced thereon, or who have incurred any portion of the expense with respect to any approved soil-building practice which was carried out on such land.

2. Each said person for himself further certifies with respect to the 1937 farming operations on the land covered by this application that—

- (a) Each soil-building practice listed herein was carried out on such land in accordance with good farming practice and no labor, seed, or other material used in carrying out any such soil-building practice was furnished or paid for by any Federal or State agency.
 - (b) No practice was adopted which tended to defeat the purposes of the 1937 Agricultural Conservation Program.
 - (c) He has not for 1936 or 1937 made any change in the normal leasing or cropping arrangement for such land, or participated in any other scheme or device whatsoever, the effect of which would be or has been to deprive any person of any payment or share therein to which such other person would normally be entitled.
 - (d) None of the farming operations included herein is included in any other application for payment pursuant to the 1937 Agricultural Conservation Program or otherwise.
3. Each said person further certifies that an application for payment has been filed with respect to every other farm in this county owned or operated by him.

4. _____

SECTION V.—CERTIFICATE OF INSPECTION

The undersigned certifies that he has inspected the farm(s) covered by the foregoing application; that the data set forth therein relative to 1937 farming operations on such farm(s) were determined by him or under his supervision in accordance with the provisions of the 1937 Agricultural Conservation Program; and that to the best of his knowledge and belief such data constitute a true and complete report of the farming operations on such farm(s) in 1937.

The undersigned, a member of the county committee, certifies that after careful examination of the representations and data set forth in this application for payment the county committee has determined that to the best of its knowledge and belief such representations are true and such data were determined in accordance with the provisions of the 1937 Agricultural Conservation Program; that if no entries appear in section II hereof, the applicants do not have an interest in any other farm under application upon which the deduction exceeds the amount of payment; and therefore the committee recommends that the Secretary of Agriculture cause payments to be made in accordance with the data and representations shown in such application.

The undersigned further certifies that the county committee finds that—

Excess Depleting Crops. (a) The 1937 acreage of general soil-depleting crops which was grown in excess of the general base {was }³ required for home consumption on the farm or to replace a shortage of feed caused by flood, drought, or other unfavorable weather conditions in 1936 or 1937; {was not}

Deficiency of Conserving Crops. (b) An increase in the acreage of soil-depleting crops grown to replace the shortage of feed crops on the farm caused by flood, drought, or other unfavorable weather conditions in 1936 or 1937 {was }³ the reason for the deficiency of soil-conserving crops for the purpose of meeting the minimum acreage of soil-conserving crops for the farm and all of the cropland on the farm was used in 1937 for the production of either soil-conserving or soil-depleting crops. {was not}

SECTION IV.—REPRESENTATIONS AND APPLICATION FOR PAYMENT

Each person whose signature appears above hereby applies for payment under the 1937 Agricultural Conservation Program with respect to the 1937 farming operations on the land covered by this application in accordance with his interest in the crops and practices as shown hereon and in accordance with the provisions of said program, and certifies with respect to such operations that:

1. He has examined the data contained in this application and that, to the best of his knowledge and belief, such data constitute a correct and complete report of the 1937 farming operations carried out on such land in accordance with the provisions of the 1937 Agricultural Conservation Program; the 1937 crop acreage figures, the rates of payment, the base acres, the soil-building practices, the division of crops (or proceeds thereof), and soil-building practices, are truly and accurately stated; and there are entered hereon the names and addresses of all persons who are entitled to share in the soil-depleting crops (or the proceeds thereof) produced thereon, or who have incurred any portion of the expense with respect to any approved soil-building practice which was carried out on such land.

2. Each said person for himself further certifies with respect to the 1937 farming operations on the land covered by this application that:

(a) Each soil-building practice listed herein was carried out on such land in accordance with good farming practice and no labor, seed, or other material used in carrying out any such soil-building practice was furnished or paid for by any Federal or State agency.

(b) No practice was adopted which tended to defeat the purposes of the 1937 Agricultural Conservation Program.

(c) He has not for 1936 or 1937 made any change in the normal leasing or cropping arrangement for such land, or participated in any other scheme or device whatsoever, the effect of which would be or has been to deprive any person of any payment or share therein to which such other person would normally be entitled.

(d) None of the farming operations included herein is included in any other application for payment pursuant to the 1937 Agricultural Conservation Program or otherwise

3. Each said person further certifies that an application for payment has been filed with respect to every other farm in this county owned or operated by him.

4. _____

SECTION V.—CERTIFICATE OF INSPECTION

The undersigned certifies that he has inspected the farm(s) covered by the foregoing application; that the data set forth therein relative to 1937 farming operations on such farm(s) were determined by him or under his supervision in accordance with the provisions of the 1937 Agricultural Conservation Program; and that to the best of his knowledge and belief such data constitutes a true and complete report of the farming operations on such farm(s) in 1937.

(Date)

(Signature of supervisor or committeeman)

SECTION VI.—CERTIFICATE OF COUNTY COMMITTEE

The undersigned, a member of the county committee, certifies that after careful examination of the representations and data set forth in this application for payment the county committee has determined that to the best of its knowledge and belief such representations are true and such data were determined in accordance with the provisions of the 1937 Agricultural Conservation Program; that if no entries appear in section II hereof, the applicants do not have an interest in any other farm under application upon which the deduction exceeds the amount of payment; and therefore the committee recommends that the Secretary of Agriculture cause payments to be made in accordance with the data and representations shown in such application.

The undersigned further certifies that the county committee finds that:

EXCESS DEPLETING CROPS.—(a) The 1937 acreage of general soil-depleting crops which was grown in excess of the general base {was }³ required for home consumption on the farm or to replace a shortage of food caused by flood, drought, or other unfavorable weather conditions in 1936 or 1937; {was not }

DEFICIENCY OF CONSERVING CROPS.—(b) An increase in the acreage of soil-depleting crops grown to replace the shortage of food crops on the farm caused by flood, drought, or other unfavorable weather conditions in 1936 or 1937 {was }³ the reason for the deficiency of soil-conserving crops for the purpose of meeting the minimum acreage of soil-conserving crops for the farm and all of the cropland on the farm was used in 1937 for the production of either soil-conserving or soil-depleting crops. {was not }

FOR THE COUNTY COMMITTEE:

(Date)

(Signature of county committeeman)

¹ If, because more than three producers are interested in payments under this application, the division of crops, and of soil-building practices is not complete, then another copy of Form ECR-119, "Application for Payment," (bearing the same State and county code and application serial number as this application) shall be attached hereto and shall be deemed a part hereof.

² Witness required only to signature by mark.

³ Cross out either "was" or "was not" in cases where the provisions referred to are applicable. In cases where these provisions are inapplicable, the crossing out of word(s) will be unnecessary. (See Instructions, sec. 5, pt. XI, ECR-B-102.)

SECTION IV.—REPRESENTATIONS AND APPLICATION FOR PAYMENT

Each person whose signature appears above hereby applies for payment under the 1937 Agricultural Conservation Program with respect to the 1937 farming operations on the land covered by this application in accordance with his interest in the crops and practices as shown hereon and in accordance with the provisions of said program, and certifies with respect to such operations that:

1. He has examined the data contained in this application and that, to the best of his knowledge and belief, such data constitute a correct and complete report of the 1937 farming operations carried out on such land in accordance with the provisions of the 1937 Agricultural Conservation Program; the 1937 crop acreage figures, the rates of payment, the base acres, the soil-building practices, the division of crops (or proceeds thereof), and soil-building practices, are truly and accurately stated; and there are entered hereon the names and addresses of all persons who are entitled to share in the soil-depleting crops (or the proceeds thereof) produced thereon, or who have incurred any portion of the expense with respect to any approved soil-building practice which was carried out on such land.

2. Each said person for himself further certifies with respect to the 1937 farming operations on the land covered by this application that:

(a) Each soil-building practice listed herein was carried out on such land in accordance with good farming practice and no labor, seed, or other material used in carrying out any such soil-building practice was furnished or paid for by any Federal or State agency.

(b) No practice was adopted which tended to defeat the purposes of the 1937 Agricultural Conservation Program.

(c) He has not for 1936 or 1937 made any change in the normal leasing or cropping arrangement for such land, or participated in any other scheme or device whatsoever, the effect of which would be or has been to deprive any person of any payment or share therein to which such other person would normally be entitled.

(d) None of the farming operations included herein is included in any other application for payment pursuant to the 1937 Agricultural Conservation Program or otherwise

3. Each said person further certifies that an application for payment has been filed with respect to every other farm in this county owned or operated by him.

4.

SECTION V.—CERTIFICATE OF INSPECTION

The undersigned certifies that he has inspected the farm(s) covered by the foregoing application; that the data set forth therein relative to 1937 farming operations on such farm(s) were determined by him or under his supervision in accordance with the provisions of the 1937 Agricultural Conservation Program; and that to the best of his knowledge and belief such data constitutes a true and complete report of the farming operations on such farm(s) in 1937.

(Date)

(Signature of supervisor or committeeman)

SECTION VI.—CERTIFICATE OF COUNTY COMMITTEE

The undersigned, a member of the county committee, certifies that after careful examination of the representations and data set forth in this application for payment the county committee has determined that to the best of its knowledge and belief such representations are true and such data were determined in accordance with the provisions of the 1937 Agricultural Conservation Program; that if no entries appear in section II hereof, the applicants do not have an interest in any other farm under application upon which the deduction exceeds the amount of payment; and therefore the committee recommends that the Secretary of Agriculture cause payments to be made in accordance with the data and representations shown in such application.

The undersigned further certifies that the county committee finds that:

EXCESS DEPLETING CROPS.—(a) The 1937 acreage of general soil-depleting crops which was grown in excess of the general base {was }³ {was not } required for home consumption on the farm or to replace a shortage of food caused by flood, drought, or other unfavorable weather conditions in 1936 or 1937;

DEFICIENCY OF CONSERVING CROPS.—(b) An increase in the acreage of soil-depleting crops grown to replace the shortage of food crops on the farm caused by flood, drought, or other unfavorable weather conditions in 1936 or 1937 {was }³ {was not } the reason for the deficiency of soil-conserving crops for the purpose of meeting the minimum acreage of soil-conserving crops for the farm and all of the cropland on the farm was used in 1937 for the production of either soil-conserving or soil-depleting crops.
